	Wed 27																				
	Sat 30																				
Sat 30																					

On Wednesday, the range is not open all day, and may only be open for a short time while the match is being conducted. To ensure range time you will need to arrive at the specified start time.

All match end times are approximate, and ranges may be available for general use earlier. If all competitors have completed shooting the scheduled match, then the range will be open for general use.

Some matches may not be complete by the scheduled finish time and may take longer to complete. This is allowed providing it does not interfere with any other scheduled matches.

No shooting can take place before 9:00am and after 5:00pm
